

### International Year of Evaluation 2015

List of events in which the "Evaluation torch" will be passed to discuss four themes:

- Identifying the key future priorities for the global evaluation community to launch the 2016-2020 Global Evaluation Agenda;
- Bridging the gap between the evaluation community (supply side) and the policy makers community (demand side), including Parliamentarians, to ensure good quality, equity-focused and gender-responsive evaluations are demanded and used in policy making;
- Mainstreaming equity-focused and gender-responsive evaluations in Sustainable Development Goals at international level, and in national development strategies at national level;
- Developing equity-focused and gender-responsive National Evaluation policies.
